INTRODUCTION

Hi Folks,

Welcome to the latest edition of the BST Newsletter which as you will see has reverted back to being weekly; this should mean that it is easier to follow your favourite reviews.

No Final or New Reviews this week although we are still looking at some possible new reviews right now.

Next we should have a couple of Final Reviews and a few Introductions to New reviews.

We'd like to hear from you, please contact me by e-mail via the Bloggers Corner at news@bettingsystemtruths.com

Golden Soccer Star – Latest Update

Sgt Rob Reviewing Golden Soccer Star

Post Overview

This post covers all bets for the period Monday 12th November 2012 to Sunday 18th November 2012 inclusive. In that period there were 2 betting days.

These bets were based on the selection email sent by the vendor of the service and cover the English Premiership, Scottish Premiership, French Championnat, Italian Serie A, German Bundesliga, Spanish Primera and the UEFA Champions League – where bets exist for these fixtures.

Over the 2 betting days, we bet on 18 games.

For the '5 bet' bank, we are betting on 5 different correct scores per match, which means 5 pts staked per match.

For the '4 bet' bank, we drop one of the correct score bets used in the '5 bet' process leaving us 4 different scores to bet on, which means 4 pts staked per match.

All bets are at level stakes, and I will equate 1 pt to £1. Prices stated for winning bets are quoted as decimal (e.g. 6/1 will be referred to as 7 or 7.0), are sourced from odds comparison sites and if an exchange price, will reflect a fairly standard 5% commission reduction.

Results

5 Bet bank :

18 games bet at 5 pts per match = 90 pts staked.

5 winning bets were returned.

5 pt bank at start of review : 500 pts (£500)

5 pt bank at start of this post : 1222.83 pts (£1222.83)

Profit/loss for betting days 42 and 43 : = +72.72 pts (Profit on bets of 162.72 pts minus 90 pts staked)

5 pt bank at end of this post : 1295.55 pts (£1295.55)

4 Bet bank :

18 games bet at 4 pts per match = 72 pts staked.

4 winning bets returned.

4 pt bank at start of review : 500 pts (£500)

4 pt bank at start of this post : 1266.20 pts (£1266.20)

Profit/loss for betting days 42 and 43: = +83.50 pts (Profit on bets of 155.50 pts minus 72 pts staked)

4 pt bank at end of this post : 1349.70 pts (£1349.70)

Unofficial Results

I am also tracking results in the Brazil Serie A, Turkish Super Lig, English Championship, Dutch Eredivisie and Portugese Liga Sacres.

These leagues are untested by the vendor, and as they're on the head-to-head comparison site, I thought I'd see how these leagues fair.

Please note results here will not count towards the official review of the product. The official review covers the selections provided in the email.

I had 14 selections.

Betting 5 correct scores per match resulted in a loss of -14.28 pts (at £1 per point) with 5 winning bets.

Betting 4 correct scores per match resulted in a loss of -30 pts with 1 winning bet.

Overall in my unofficial results, for which I am on Day 48, I am -271.58 pts for betting 5 results a game and -241.74 pts for betting 4 results a game.

Cheers for now,

Sgt Rob.

This is a quick insight how each review is performing.

Systems: These are a set of rules that are used to make selection criteria. These rules are hard and fast without room for interpretation or discretion.

Methods or Strategies: These services are based upon loose rules or advices that are applied, with skill, by the user of the service.

Tips: You receive tips from the service provider of back or lay bets and you back the tips to the recommended stakes or to level stakes

League Table of Reviews

[Return](#)

A reasonable way of comparing the performance of systems is to work out the profit (or loss) as a percentage of the starting bank. Obviously this table doesn't replace reading the reviews, because *profit as %age of bank* is not the only factor in judging a system. Nevertheless, it is a valid at-a-glance way of bringing the mass of data together.

The league table now includes systems that have finished their reviews as well.

We have twenty six reviews that have made a profit of over 15%.

Reviewed System	Bank Start	Total /Loss Profit	Profit as Bank %age of	Position Week Last	Position Week This
Betting Bubbles	50	148.75	297.50%	1	1
