INTRODUCTION

Welcome to the latest edition of the BST Newsletter which as you will see has reverted back to being weekly; this should mean that it is easier to follow your favourite reviews.

We have no new reviews this week but we do have one Final Review and that is for Betting Speed Evolution.

We'd like to hear from you, please contact me by e-mail via the Bloggers Corner at news@bettingsystemtruths.com

Football Lays

7th January 2013

Sergeant John reviewing Football Lays

A small loss tonight as Rayo Vallecano beat Getafe 3-1, so not too much damage to the bank. There should be more selections as the weekend draws near and the cup games end for the time being.

Winning bets are subject to 5% commission from Betfair.

SPAIN LA LIGA	Lay odds	Liability	Profit/Loss
Rayo Vallecano	2.38	2.76	-2.76

Starting Bank: 250 points

Running bank: 283.25

Daily profit/loss: -2.76

Best Regards

Betting Speed Evolution - Final Review

8th January 2013

Sergeant Lucian - Final Review of Betting Speed Evolution

NEUTRAL

Hi Bloggers,

Here are my final words on the review of a Betting Speed Evolution from Michael Wilding founder of Race Advisor.

Status of product – Sold Out. But after the review period Michael has agreed to make a number of licenses available for a limited time for BST readers. Prices are 127 pounds for one year license and 197 pounds for a lifetime license

The Betting Speed Evolution Software comes with a pdf containing details about the process behind the software, a bonus pdf system, a pdf with evolution of the software on back selections for 2012 before launching the software with a 28% ROI and 142.6 point profit at level stakes and of course with the manuals for standard mode and for advance mode and a webinar which goes through how an user can use Betting Speed Evolution in advanced mode to analyse a race like a pro. The software is not only an auto-selections program it is also a powerful analysis tools and you can learn how to use it from a number of webinars and the advance mode manual. Standard mode is very easy and you can get selections exported in GHB and use GHB to place all the bets. All the time is under 10 minutes for running and setting GHB.

Staking plan for use with the auto-selections found by the software – 2% of bankroll for the back selections and 0.5% of bankroll for the lay selections. Betting on both the recommended is 1% of bankroll on each selection. Re calculate stake size after each bet or re-calculate stake size each day.

Statistics and results after 84 betting days:

Back selections: 256

Winning selections: 59

Win Hit Rate: 23,04%

Average Win Odd: 4.10

Place selections: 156

Place Hit Rate: 60.93%

Average Place Odd: 1.82

Lay selections: 224

Winning selections: 172

Win Hit Rate: 76,79%

Average Lay Odd: 2.26

Average Lay Loss Odd: 3.53

Average Lay Win Odd: 5.79

Bank 1 - Back Selections 2% of bankroll stake

Start Balance: 100 points

P/L: -48.91 pts

Running Balance: 51.09 points

Bank 2 - Lay Selections 0.5% of bankroll stake

Start Balance: 100 points

P/L: +16.34 pts

Running Balance: 116.34 points

Bank 3 - Back and Lay Selections 1% of bankroll stake

Start Balance: 100 points

P/L: +4.48 pts

Running Balance: 104.48 points

Bank 4 - Place from Back Selections 2% of bankroll stake

Start Balance: 100 points

P/L: +44.28 pts

Running Balance: 144.28 points

On recommended and official staking plan the result is simple FAILED.

On Bank 4 - Place from back selections the profit is 0.5 point per day - total **profit 44.28 points**.

Final conclusion - **use Place from back selections** and as from my statistics **lay on 4.00 to 10.00 odds range**. **On this range the profit stands on over 35 points and hit rate is over 89% with 0.5% stake and over 80 point on 1% stake.**

Because this is a software and users can follow the official staking plans or they can use their custom rules I recommend this product for NEUTRAL section.

Thank you for your time and I hope you enjoy the review.

This is a quick insight how each review is performing.

Systems: These are a set of rules that are used to make selection criteria. These rules are hard and fast without room for interpretation or discretion.

Methods or Strategies: These services are based upon loose rules or advices that are applied, with skill, by the user of the service.

Tips: You receive tips from the service provider of back or lay bets and you back the tips to the recommended stakes or to level stakes.

League Table of Reviews

[Return](#)

A reasonable way of comparing the performance of systems is to work out the profit (or loss) as a percentage of the starting bank. Obviously this table doesn't replace reading the reviews, because *profit as %age of bank* is not the only factor in judging a system. Nevertheless, it is a valid at-a-glance way of bringing the mass of data together. The league table now includes systems that have finished their reviews as well. We have twenty seven reviews that have made a profit of over 15%.

Reviewed System	Bank Start	Total /Loss Profit	Profit as Bank %age of	Position Week Last	Position Week This
