## INTRODUCTION

Welcome to the latest edition of the BST Newsletter which as you will see has reverted back to being weekly; this should mean that it is easier to follow your favourite reviews.

A quiet week with no New or Final Reviews, but we should have something for next week.

The Featured Review is The Gambling Don which continues to make steady profits after a poor early start.

We'd like to hear from you, please contact me by e-mail via the Bloggers Corner at [news@bettingsystemtruths.com](mailto:news@bettingsystemtruths.com)

This is a quick insight how each review is performing.

**Systems:** These are a set of rules that are used to make selection criteria. These rules are hard and fast without room for interpretation or discretion.

**Methods or Strategies:** These services are based upon loose rules or advices that are applied, with skill, by the user of the service.

**Tips:** You receive tips from the service provider of back or lay bets and you back the tips to the recommended stakes or to level stakes.

# League Table of Reviews

[Return](#)

A reasonable way of comparing the performance of systems is to work out the profit (or loss) as a percentage of the starting bank. Obviously this table doesn't replace reading the reviews, because *profit as %age of bank* is not the only factor in judging a system. Nevertheless, it is a valid at-a-glance way of bringing the mass of data together.

The league table now includes systems that have finished their reviews as well.

We have thirty six reviews that have made a profit of over 15%.
