# INTRODUCTION

Hi Folks,

Welcome to BST Newsletter Edition 19 in this issue we have 2 Final Reviews, 6 New Review's, Lay League Table and Blogger's Corner, good to see we had a couple of contributions for that this week.

## New Reviews

To say we have a mixed bag of new reviews would be an understatement, 3 involve horseracing, 1 football and a roulette system. And would you believe we have another 7 or more to follow shortly.

### Fisher Roulette Software - Reviewer Sgt Tommy

Selling for 59 euros this is as the title suggests software for use with online roulette tables. Of course the website makes claims that you can make \$10 to \$500 per hour, so we will have to see if this is the case during the review. A PDF comes with the software and explains exactly what the system is and how much to bet each time, as per Sgt Tommy the instructions are easy to follow. The author lists more than 50 Online Casinos but recommends Bet Voyager Casino as you can use small stakes with this one.

Sgt Tommy will commence with the recommended 2000 points Starting Bank, now after 2 days of the review he has managed to increase this to 2228 points , so a profit of 228 points. Just one thing to add the product comes with usual 60 day money back guarantee.

### Format Racing - Reviewer Sgt Tommy

Another new review for Sgt Tommy this time it is a horseracing backing method. The method revolves around looking at certain qualifying races throughout the day and calculating the probability of success using various mathematical factors along with certain historical data concerning the type of race to work out the best possible scenario in which to bet successfully. It may sound complicated but as per Sgt Tommy it is all clearly explained in the FR manual. So how much does it cost? it is available at £67.

Although the races can be identified before the start of racing, unfortunately you do have to follow the racing live in order to calculate how much to bet on a qualifying horse using an excel spreadsheet. So the review will start with a 100 points Starting Bank and staking 1 point win on each qualifying selection, results will be reported at BFSP with 5% commission deducted. After 4 days the method has made a loss of 15.60 points leaving the current bank at 84.40 points, not exactly a great start to the review.

### Graeme Murray Gold Lays - Reviewer Sgt Thomas

Gold Lays is, as the name suggests, a laying system and was created by one of BST's former Sergeants. When you purchase the system, you are provided with software which, when activated, makes the selections for you. You are also given a PDF manual which is very short and to the point. The manual tells you how to download and activate the selection software and the simple rules for deciding whether to place your lay bet or not. There are 2 options: Plan A is slightly more aggressive than Plan B, using a higher cut off point for the odds.

A spreadsheet showing the past results for both Plans makes for impressive reading 91 winning bets out of 111 bets since January 1st for an 81.98% strike rate for Plan A and 11 winning bets out of 12 since mid-August for a 91.67% strike rate. Sgt Thomas did have trouble getting the software to work, but was up and running within a couple of hours due to a quick response from the author. So how much is it going to cost? £45 for 3 months licence, we will start with 100 points for each Plan, on Day 1 Plan A had 1 selection which lost so was a winning start for the system.

### Lunchtime Profits Alert - Reviewer Sgt Jon

This is a soccer betting service where you receive tips by mobile text every Friday; this service is available for £27 for the first year, thereafter it will cost you £72. In addition to the tips you receive an e-book of Premiership statistics for every team, plus an explanation of all the various soccer bets if that wasn't already enough you get a hard copy newsletter delivered to your door every month. Sgt Jon will be reporting on this one on a weekly basis and he is due to receive his fist tips on October 1<sup>st</sup>.

### Michael's Place Lay Formula - Reviewer Sgt Thomas

From the same stable as ABTB, Betfair ATM and GKM2 comes Michael's Place Lay Formula. So what is Place Lay Formula? Well you need to be able to follow the live markets both win and place on Betfair, (The author recommends FairBot) 10 minutes before the off. Depending on the markets you may find a selection to lay not to get placed, on average you will get 1 to 6 selections per day.

This system was first released in 2008 and as per the website has been achieving regular profits since that time and also achieving a Strike Rate of 85%. What is the cost of this method £69.99 one off payment, although it works on UK horseracing only you should be able to operate it from most countries in world except US as long as you have access to Betfair. Over to you Sgt Thomas who will start the review on Monday 27<sup>th</sup> September, we will operate with a 100 point Starting Bank and 1 point level stakes.

### Place Profits - Reviewer Sgt Jon

Another new review for Sgt Jon but more familiar territory this time horseracing. This one is a place backing tipster service from Lee O' Hare a former professional jockey. The service offers two place tips services based on ISP but using the Betfair Place Market. You will need to check ISP and only bet if the selection falls within the price filters. The operator claims the place profits selection process has been tested for five months and is on course to achieve a 600% ROI based on the achieved 65% strike rate and for the record the longest consecutive losing run has been 5 to date. The service is available on monthly subscription and the first 50 subscribers get an introductory discount. After 2 days of the review Place Profits 1 is up 0.88 points and Place Profits 2 is making 1.63 points so a promising start but early days yet.

## Final Reviews

Two Final Reviews this week, one was placed in Neutral and the other was a Jailed and Failed.

## Passed 5\*Highly Recommended

None for the period of September 20th to 26th September.

## Passed! Minimum 84 day Review

None for the period of September 20th to 26th September.

## Released On Bail (Neutral)

Football Bets- Reviewer Sgt Tommy

Well another review draws to closure in the last 3 days 99 Reds made a profit of 2.54 points, Betting LayClub lost 1.95 points and Tammyboy no change. So the figures for BettingLayClub over the review period were a profit of +7.50 points, this tipster did take a break after the World Cup. 99 Reds on the other has been active for the whole period had a lot of bets but fell short with a loss of minus 4.78 points. The other tipster Tammyboy did not begin until the start of the season so it is too early to form an opinion on this one.

So Sgt Tommy felt that there was too many bets, that the double bets were unprofitable and these guys do have a few dodgy selections. But all things considered with the 3<sup>rd</sup> tipster only

just starting, and the new season only just being upon us that he should place it in neutral and to continue to observe the performance of the service before making any further judgements.

Up to day 84	This Period	Cumulative	
	P/L	100 point Start Bank	P/L
BettingLayClub	-1.95 points	107.50 points	+7.50 points
99 Reds	+ 2.54 points	95.22 points	-4.78 points
Tammyboy	N/A	100.40 points	+0.40 points

## Failed and Jailed

Champion Racing Lays - Reviewer Sgt Tommy

Well this service has been in a minus ever since day 9 so hardly surprising really that it ended up in the Jailed and Failed section. So out of a Starting Bank of 50 points after 56 days you were left with just 18.20 points and at one point Sgt Tommy thought it was going to go bust.

Sgt Tommy recommends that they increase the bank but even if they were to increase it to 100 points when you are getting regular big priced selections up to 20.00 that have a habit of winning would that even be enough?

Upto day 56	This Period	Cumulative	
	P/L	50 points Start Bank	P/L
	N/A	18.20 points	-31.80 points

## News About All The Reviews

This section covers all the current reviews being conducted and just gives a quick insight how each review is performing. All the figures quoted below cover the period September 20<sup>th</sup> to September 26<sup>th</sup>.

Betfair ATM - Reviewer Sgt Dave

The review did not get off to a good start with a slight loss on Day 1 but since then everyday has been a winning one except for Saturday which Sgt Dave considered a non betting day. In total their have been 43 selections of which 37 have been placed this is a Strike Rate of 86.05% which is slightly higher than the 82% on the website. The reason for the higher rate could be

 put to the jump meetings which started this week and which work particular well with this method. So a good start lets see if that form can continue?

<b>Upto day 7</b>	<b>This Period</b>	<b>Cumulative</b>

Dreamlays - Reviewer Sgt Brendan

Another disastrous week with 32 selections and 27 winning lays a 84.39% Strike Rate, unfortunately the losers came in at 16.28, 13.7, 13.51, 12.10 and 6.20 so a loss of £310.40 for the period. Only 1 day to go it is obvious where this one will be going, in September this service has lost near enough 1000 points perhaps they should rename it “Nightmare Lays”.

	<b>P/L</b>	<b>£1000 Start Bank</b>	<b>P/L</b>

Fisher Roulette Software - Reviewer Sgt Tommy

First of our new reviews this is roulette system software so far Sgt Tommy has spent 2.5 hours over the 2 days had 859 spins with 228 wins with no losses and made a profit of 228 points. Not that I am expert of the roulette table but I believe Sgt Tommy is doing rather well with this one although early days could be interesting.

<b>Upto day 2</b>	<b>This Period</b>	<b>Cumulative</b>

Format Racing - Reviewer Sgt Tommy

Not a great start for one of our other new reviews a total of 62 selections gave 29 winners that is a Strike Rate of 46.77% but overall it produced a loss of 15.60 points for the 4 day period. Early days most certainly but the bank has taken a hit so we will have to see what happens in the remainder of the trial.

The Full Circle System – Reviewer Sgt Dave

For the week the system had 3 E.W Bets of which 1 won and 1 was placed, 1 winner from its 8 Win Bets, resulting in a small profit of 0.38 points. So after 56 days this review is a tricky one because it is showing only a slight loss of 1.64 points but a lot of the time it is just treading water. I know Sgt Dave is considering carrying on with so that we have a conclusive result but we will have to see.

Graeme Murray Gold Lays - Reviewer Sgt Thomas

Only 1 day so far for this new laying system from one of former BST Sergeants Plan A had 1 selection which was a winning lay so a 0.95 points profit.

<b>Upto day 1</b>	<b>This Period</b>	<b>Cumulative</b>	
	<b>P/L</b>	<b>100 point Start Bank</b>	<b>P/L</b>

Layers of Profit (Mk II) - Reviewer Sgt Rob

A very quiet time for this service from Days 67 to 77 it only had 2 selections of which both were winning lays so a profit of 1.90 points was recorded for the period.

<b>Upto day 77</b>	<b>This Period</b>	<b>Cumulative</b>	
	<b>P/L</b>	<b>35 point Start Bank</b>	<b>P/L</b>
	<b>+ 1.90 points</b>	<b>53.07 points</b>	<b>+ 18.07 points</b>

No1 Lay System - Reviewer Sgt Dave

Back to normal this week only 2 qualifying selections which were both winning lays for the system and a profit of 1.90 pts was made. Sgt Dave is continuing with the review as it is showing a fair profit for a limited amount of selections and considering it's a lay system.

Upto day 56	This Period	Cumulative	
	P/L	100 point Start Bank	P/L
	+ 1.90 points	113.90 points	+ 13.90 points

Place Profits - Reviewer Sgt Jon

Yet another newbie to our review list this place betting tipster service had 3 selections on Place Profits 1 of which 2 were placed making 0.88 points profit, for Place Profits 2 just 2 selections and both were winning bets. So a positive start for this tipster service let us see if it can keep it up.

Upto day 2	This Period	Cumulative	
	P/L	100 point Start Bank	P/L

Planet Horseracing - Reviewer Sgt Tony

The last 3 days of the trial produced just 1 selection which was a winning one for the service but it still left it with a nearly 9 points deficit for the review period as a whole.

Racing Secrets Exposed (Tips) - Reviewer Sgt Rob

The disappointing run of this service continues out of 8 selections 6 were winning Lays but they did not stop both the Early Bird and BFSP from showing a loss.

Upto day 60	This Period	Cumulative	
	P/L	100 point Start Bank	P/L
Early Bird	-2.00 points	89.72 points	- 10.28 points
BFSP	- 1.52 points	93.63 points	- 6.37 points

See Racing Secrets Exposed (Tips) here:

<http://www.bettingsystemtruths.com/review/Racing-Secrets-Exposed-Tips/>

Racing Winners - Reviewer Sgt Thomas

A lot better week with 3 winners from 12 selections at the odds of 13.00, 7.13 and 6.2 which led to a profit for the week of 41.16 points, so this system despite runs of losers has managed to double its bank in less than 8 weeks which is quite impressive.

<b>Upto day 54</b>	<b>This Period</b>	<b>Cumulative</b>	
	<b>P/L</b>	<b>100 point Start Bank</b>	<b>P/L</b>
	<b>+ 41.16 points</b>	<b>201.90 points</b>	<b>+ 101.90 points</b>

See **Racing Winners** here: <http://bettingssystemtruths.com/review/Racing-Winners/>

The Pointer Software -Reviewer Sgt Brendan

The operators of the system asked for another month's extension which was granted for Days 85 to 99 it had 37 selections with 10 winners it a showed profit on BSP of +2.01 but a loss on ISP of minus 1.38 points. So at the moment the figures are now worse than before on ISP but slightly up on BFSP.

<b>Upto day 99</b>	<b>This Period</b>	<b>Cumulative</b>	
	<b>P/L</b>	<b>100 point Start Bank</b>	<b>P/L</b>
<b>ISP</b>	<b>-1.38 points</b>	<b>102.43 points</b>	<b>+2.43 points</b>

The Wizard Of Odds - Reviewer Sgt Thomas

The tipping service is now operational and from Days 21 to 26 there were 9 selections of which 6 of them won that produced a profit of 2.49 points to Level Stakes and 9.50 points to the suggested Staking Plan.

<b>Upto day 26</b>	<b>This Period</b>	<b>Cumulative</b>	
	<b>P/L</b>	<b>100 point Start Bank</b>	<b>P/L</b>
<b>Level Stakes</b>	<b>+ 2.49 points</b>	<b>101.78 points</b>	<b>+ 1.78 points</b>

See **The Wizard Of Odds** here: <http://bettingssystemtruths.com/review/Wizard Of Odds/>

Tyche Windfall -Reviewer The Commissioner

August was a very good month for Tyche Windfall it had 28 selections with 11 winners and a profit on the month of 9.88 points, so with 4 months remaining is this improvement going to continue?

Upto End of August	This Period	Cumulative	
	P/L	100 point Start Bank	P/L
BSP	+9.88	111.85 points	+ 11.85 points

## **Blogger's Corner**

Pleased to say we had two contributions this week from Stig and Rich both are contributing articles on Arbitrage Spy, thank you gentleman for your postings and please folks let see some more.

### **Posting 1**

Here is my diary of my experience with Arbitrage Spy (before I discovered Betting System Truths) that I posted in the comments on More Money Review.

### **September 7th**

Bought Arbitrage Spy yesterday. Was offered the "Advanced" version for double the cost because it searched "30 more exchanges", only received the standard version not the advanced. So far "support" have not replied. Documentation is awful.

Also the deadline for ordering gets reset to midnight every day or so there is no actual deadline. Also software crashes with Windows General Exception Failure. Will report if "support answers and explains where the "advanced" version is. Looks like I'll be testing their refund guarantee unless they reply and put things right.

Cannot recommend this product at this present time.

-----

### **September 8th**

No reply from support as yet regarding the non-delivery of the "advanced" version. But the software did find a 1.8% profit arb yesterday and today I got a 0.4% profit arb. It has found several other small arbs today but I didn't have accounts with those bookies

-----

### **September 9th**

I've asked for the guaranteed refund. I'll let you know if they honour the guarantee. The software looks like a genuine attempt. It crashes regularly but does find small arbs. The problem is the profit on the arbs is almost totally wiped out by the BetFair commission on the winning Lay bet.

If you are going to use this I would advise setting the %age arb quite high maybe 5% to cut out all the low arbs which are hardly worth chasing. The software opens up a dual pane for the bookie and exchange offering the prices but is very slow to load and you still have to login by which time the prices offered have sometimes gone. Better to have your bookies and Betfair open already in your browser and go to them when the arb alert is shown. It's quicker to get on at the prices that way.

There is however an apparent dishonesty in the marketing of the software. The “developer” is different from the name appearing as the “vendor” on the clickbank receipt. The webpage appears to be limiting the number of purchasers but in fact the timer just gets reset every day.

Support doesn't answer questions although they say they get “thousands” of emails a day which again if true indicates they are not limiting the sales to just a few.

The documentation is useless and is barely written in coherent sentences and doesn't give any extensive info at all. The “advanced” version appears to be a con and after paying double the cost is not delivered. If you are going to try this buy only the standard versions don't be fooled by the “advanced” con. Also leave the webpage without buying and you will be offered a discount to order.

Hope my experiences help some people.

-----

### **September 9th**

On the webpage the “statements for August are showing a “profit” of £1000+ per week. This doesn't take into account the corresponding Bookie statements which presumably would show a similar but hopefully slightly less loss. But then they try to sell you the “advanced” version which uses more “exchanges” the same Betfair account name for the same August weeks show the profit to be £5000+ per week. This is impossible for the same Betfair account to show two different profits for the same weeks!

-----

### **September 14th**

I applied for a refund for the standard version and the advanced version. Support never answered any emails about non-delivery of the advanced product or the software crashes. So I applied for the refund through ClickBank via PayPal and got the refund on both products. I can't say if I would have got the refund if I'd stuck to communicating via “Support”

From:  
Rich

Thanks Rich for that interesting posting, by the way folks the wording is actually how Rich sent it to me all I have changed is the font and the format.

## **Posting 2**

This one is from Stig once again on the subject of Arbitrage Spy.

Hello

My name is Stig

I really like your newsletters. It has saved me a lot of time and money to follow your reviews of different systems. I have to admit that there are not many good systems out there.

The reason for why I wanted to write to you is because I want to say thank you very much for the instruction regarding the refund from Arbitrage Spy.

I was one of them who have sent many refund requests but every time it reopened some "technical support" (bullshit) from Arbitrage Spy. When I sent an email to [refunds@clickbank.com](mailto:refunds@clickbank.com) as you suggested the refund was accepted 3 hours later.

Thank you very much!!!!

Keep up the good work.

Best Regards

Stig

Once again thanks Stig for your contribution to Bloggers Corner and am pleased you like the newsletter and that by following this and BST website you have saved money. Well folks I think you can see how important it is to go through the right procedure to get you money back, these unscrupulous vendors will string you along until your 60 days guarantee has passed or hope that you get so fed up that you give up on your refund claim.

Now these gentleman and Mr X the week before have set the ball rolling lets see some more contributions for this page, once again it does not have to be about scammers, it could be your thoughts on betting, on systems, maybe a pleasurable betting or racecourse experience anything that is related to Betting and Sports.

## **Next Week**

Well more New Reviews to come next and some Final Reviews too, interesting to see how the newbie's this week will have progressed in the early stages. Of course we are always on the lookout for any articles that would make interesting reading for you Folks and of course now you can contribute your own thoughts, views whatever through Blogger's Corner.
